The Robert M. Berne Cardiovascular Research Center
Presents

Gary Lopaschuk, PhD

Affiliation: Distinguished University Professor, ~ Departments of Pediatrics and
Pharmacology Faculty of Medicine & Dentistry, ~ University of Alberta AHFMR
Scientist

Cardiac Energy Metabolism in the Failing Heart

The alterations that occur in cardiac energy metabolism that occur in heart failure will be discussed, as will how these metabolic alterations contribute to the severity of contractile dysfunction. Potential approaches to treat heart failure by optimizing energy metabolism will also be discussed.
